

The BOXER 4x4 Dangel is the ideal solution for **safe driving in difficult conditions**: as soon as the front wheels lose their grip, the 4x4 system distributes part of the available torque to the rear axle, allowing the vehicle to continue driving. This operation is carried out instantly, **without any intervention from the driver**.

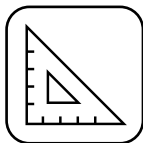

Snow, mud, sand, mountain or forest roads, stones or ruts, with the **BOXER 4x4 Dangel** combine loading capacity, driving comfort, traction and safety!

- 4x2 or 4x4 mode selection via a dial on the dashboard (see photo)
- Electronic traction control on all 4 wheels
- Excellent handling and stability thanks to Dangel's specific ESP
- Mechanical 4x4 transmission with viscous coupling

- Engine and gearbox skid plate
- Additional protection pack for fuel and SCR tanks (optional)

- Suspension reinforcement to limit settling under load (resulting in a unladen body extension)
- Rear differential lock (optional)

- *Standard 2 years warranty (unlimited mileage) on all Dangel parts*
- *Service intervals identical to the basic vehicle*
- *Dangel oil change every 24,000 km or 2 years in normal use, every 18,000 km or 1 year in severe / intensive use*
