

The PARTNER 4x4 Dangel is the ideal solution for **safe driving in difficult conditions**: as soon as the front wheels lose their grip, the 4x4 system distributes part of the available torque to the rear axle, allowing the vehicle to continue driving. This operation is carried out instantly, **without any intervention from the driver**.

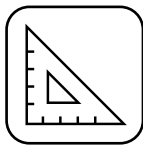

Snow, mud, sand, mountain or forest roads, stones or ruts, with the **PARTNER 4x4 Dangel** combine loading capacity, driving comfort, traction and safety!

- 4x2 or 4x4 mode selection via a dial on the dashboard (see photo)
- Electronic traction control on all 4 wheels
- Excellent handling and stability thanks to Dangel's specific ESP
- Mechanical 4x4 transmission with viscous coupling

- Engine and fuel tank skid plate
- Protection pack for all sensitive parts (optional)

- Body height up to 110 mm, ground clearance up to 205 mm maximum
- Rear differential lock (optional)

- *Standard 2 years warranty (unlimited mileage) on all Dangel parts*
- *Service intervals identical to the basic vehicle*
- *Maintenance to be carried out in your garage*
